Dr. Robert H. Farber Endowment for Education

Putnam County's Endowment for Education seeks to build a culture of learning through funding programs and projects that are results focused. Dr. Robert H. Farber initiated the Endowment in 2003. While volunteering in the community, he and his wife, Vera May, became concerned by the number of children unable to read at grade level. Bob and Vera believe that everyone in Putnam County must work together to foster the values, skills, and knowledge our young people need to be successful in life. This fund has awarded \$20,969 in grants to our community!
