PUTNAM COUNTY COMMUNITY FOUNDATION

Non-Profit Capacity Building Programs and Services 2013

*Enriching Life,
Strengthening Community.*

NON-PROFIT CAPACITY BUILDING

HISTORY:

The Putnam County Community Foundation supports the missions and work of Putnam County non-profits, churches, and units of government that promote our common good. The Community Foundation is committed to building the leadership of local citizens.

In response to government funding cuts beginning in 2005, the Community Foundation Board of Directors established the Non-Profit Capacity Building Initiative, which was charged with the responsibility to give local non-profits the tools and support they need to be successful.
