### **Decision\***

#### **Impact - Consider:**

- Will this project or program provide a community benefit?
- Will this project or program impact a broad segment of the community (breadth)? Will this project or program impact a smaller-risk population (depth)? Consider breadth and depth equally.
- Is there evidence that the approach outlined in this proposal will be effective in accomplishing stated goals?

#### **Capacity - Consider:**

- Is leadership strong, well-established and engaged?
- Does the organization have the expertise and resources to accomplish this project or program?
- Are the organization's financial documents healthy?

#### **Feasibility - Consider:**

- Can this project realistically be accomplished in 12 months or less?
- Will this organization be able to sustain this project or program after grant funds are exhausted (if relevant)?
